

**BOSCH**

**Diesel Service**

**CERTIFICATE OF AUTHORIZATION**

This is to certify that the below mentioned company is an authorized Bosch Diesel Service workshop fully equipped with the necessary and recommended tools and trainings to test, repair and calibrate new Diesel Systems of Common Rail Pumps (CP4) and Piezo CR- Injectors.

**International Diesel Services**

**6th street, Industrial Area 5  
Sharjah, United Arab Emirates**

The process is being carried out under strict Bosch quality standards and confirmed through registering each and every repair into the Bosch Quality Scan system whereby jobs can be tracked for quality and warranty reasons.

This certificate of authorization is valid until May 2025
